"RESPONSIBILITIES OF CITIZENSHIP"

LECTURE DELIVERED BY SECRETARY OF STATE ROOT.

Railroad Rebates Forbidden by Law Merely a Form of Discriminatory Rates Which Once Prevailed—Higher Standard of Control.

New Haven, Conn., May 21.—Secretary of State Root, taking as his specific topic "The Outlook," delivered last night in the series of the Dodge lectures at Yale to night on "The Responsibilities of Citizenship."

Objectable railroad practices now so widely and justly condemned and which furnish so fertile source of political discussion, are now new practices; they are old practices, which formerly passed unheeded, which are being indicted and convicted, are merely a form of discriminatory rates which once prevailed without objection. It was by giving special rates that railroad companies induced people to build factories and packing houses and elevators and great variety of other business establishments along lines of their roads; that was the way they built up their business.

"In recent years, however, people have come to the appreciation of the idea these great public agencies can not give special rates to some men without doing injustice to others, and that the common right of the people demand equality of facility and of cost in transportation which railroads are bound to furnish and condemn special privileges to one as against another. The lesson of all this is that the prosecutions and convictions for violation of anti-rebate laws are not evidence that we are growing worse, but evidence that we are growing better. That our government is applying higher standard and on justice in control of public utilities."

"The same is true of the management of corporations and manipulation of securities to which attention has been sharply called by testimony before the Chicago & Alton railroad. Thirty or forty years ago, when the management of the Erie railroad and Atlantic & Great Western and Union Pacific railroad attracted much attention to the things done by corporate managers were so much worse that the Chicago & Alton affair would not have received any notice at all. The railroad wrecker was a common type of railroad manager. Since then a higher standard has been asserting itself. It is perfectly safe to assert the standard of probity and fidelity among corporation managers of the country is higher now than it has ever been before."

"Prosecutions against land thieves in the west have awakened intense indignation among defendants and their friends because wrong was so inveterate that they had come to look upon it as a right. When officers of the law presented and effected a novel idea that it was as honest to deprive the government of its land illegally as to deprive an individual of his land illegally, it seemed cruel injustice. There was simply a little advance of moral standard which gave life to laws that had been dead before."

"Facilities of transportation and communication, which enable modern business to spread over a great expanse of territory have made it possible for so-called trusts and combinations to be made for the purpose of driving our competitors, restricting production and increasing prices. On the other hand, labor organizations, designed for the just purpose of securing fair treatment as to employment, wages and hours and conditions of work, are on their part endeavoring to put up prices, restrict production and drive out competition by stringent rules which prohibit any member from doing more than a specified amount of work each day under penalty of expulsion and which prohibit employment of any one not a member of the union under penalty of strike."

"All of these things are but incidents of process and adjustment in the division of the new wealth. Our popular government is dealing with them assiduously by awakened public opinion gradually crystallizing into laws adapted to meet new conditions."

LONG SENTENCE.

San Antonio, Texas, May 21.—Sentence fixed by court martial in the case of Corporal Knowles of the Twenty-fifth infantry recently tried for having assaulted Captain Maclellan of the same regiment while the regiment was stationed at Fort Reno, Oklahoma, December last, fifty years at hard labor in the penitentiary at Fort Leavenworth, was to day approved by General Meyer.

MANY WITNESSES

Prosecution's List to Be Used in Four Cases Number Nearly Two Hundred.

Boise, Idaho, May 21.—It is predicted to day the first witness testifying to circumstances connected with the Stuenkel murder case will take the stand one week hence. There are still eight unexpended peremptory challenges; there is an additional vacancy created by excusing for illness of Juror Cole and under the ruling of Judge Wood the entire jury is still open to further examination.

It is predicted the jury will be finally sworn some time Monday next; that the opening statement will be made Monday afternoon or Tuesday morning and the first real testimony will be taken Tuesday. The prosecution's list of witnesses to be used in the four cases pending now number nearly 200. Less than one-third of them will be called in the Haywood case, Harry Orchard, the principal witness for the state, will probably be on the stand a full week. It is believed he will be called a week from Thursday morning, assuming that the jury is sworn Monday.

The great battle of the trial will come with the introduction of Orchard in court. It is expected there will be a fight against admission at every important stage of his testimony and that he will be submitted to the strongest examination combined ingenuity and cleverness of the defense can devise. Attorney Richardson will conduct the cross examination of Orchard.

MURDERER CONVICTED

Nephew of Great Actress Sentenced to Life Imprisonment for Murder in Arizona.

Phoenix, Ariz., May 21.—Louis V. Eytling, who claims to be a nephew of the famous actress, Rose Eytling, was to day convicted of the murder of John Leich of Sheboygan, Wis., and will be sentenced to life imprisonment. Eytling and Leich came to Phoenix together after becoming acquainted enroute from the east. On March 17 they are said to have ridden into the desert alone. Leich never returned. His body was found in an unfrequented spot, and at the inquest it developed that he had been poisoned. All of his money and valuables had disappeared. Eytling was arrested a month later in San Francisco and returned for trial.

COMPLETED TRIP.

New Orleans, May 21.—The United States inland waterway commission to day completed its trip by boat from St. Louis to New Orleans. An immense amount of data, some of it bearing on the lakes to gulf deep waterway project, was gathered enroute. Chairman Barton announced that no expressions of opinion were now ready, but that a convention probably would be held next January at Washington to aid the commission to obtain further information for use in forming recommendations.

ATTACKS CONTINUE.

Black Hundreds Took Advantage of Officials' Funeral and Renewed Slaughter of Jews.

Odessa, May 21.—The Black Hundreds took advantage of the funeral to day of the three police officials assassinated at the central police bureau yesterday, to renew attacks on the Jews. The whole Jewish population became terror stricken, all the stores were closed and the streets were almost deserted. Jews and students were barbarously attacked and beaten and Jewish houses were fired into.

The signal for the beginning of the trouble to day was the firing of a shot at the funeral procession from a window. This wounded a Cossack slightly, whereupon the man's comrades fired three volleys into the building whence the shot had come, shattering all windows. Soldiers surrounded the house and thirty persons were arrested, including the man who fired the shot. He is a member of the union of true Russians.

TO ATTEND DEDICATION.

St. Paul, May 21.—Governor Johnson, his staff and Adj. Gen. Wood, together with a party of nearly forty persons, left to day for Vicksburg, where they will attend the dedication of the Minnesota monument in National park, that place, May 24.

BRISBIN DEAD.

Washington, May 21.—The navy department to day received a dispatch from Commander Tappan of the cruiser Tacoma, saying Ensign A. T. Brisbin, who shot himself Sunday, died to day.

AN APALLING DISASTER

PASSENGER STEAMER TOTALLY DESTROYED.

Five Lives Lost and a Number of People in Perilously Close Escape From Death—Crew Commended for Bravery.

Grand Haven, Mich., May 21.—Five lives were lost and about seventy-five people had a perilously close escape from death when the passenger steamer Naomi of the Crosby Transportation company was burned early to day in the middle of Lake Michigan while on her regular night trip from this port to Milwaukee. Four victims were coal passers penned up down in the forecastle by the flames, where many of the rescued passengers, from the decks of the freighter Kerr and the steamer Kansas, saw them at the portholes vainly imploring for help. J. M. Rhodes of Detroit, a passenger, was the fifth victim. He was terribly burned in his berth and died soon after reaching the hospital at Grand Rapids.

The steamer was burned to the water's edge and has been towed into this harbor, where she lies at her dock a smoldering hulk.

The fire broke out at 1:30 o'clock between the decks at the forward end. It spread with tremendous rapidity and it was apparent almost from the first that it was vain for the crew to fight the flames, and they turned their attention to arousing the passengers and getting them on deck. The crew worked like heroes to save the people.

Signals for help were answered in a few moments by the steamers Kerr, Kansas and Saxonia. Several life rafts and boats on the Naomi were destroyed before the crew could get them lowered. By the time the three steamers reached the scene the Naomi's boats were in the water filled with people and a number of passengers were still huddled on the stern of the burning ship. The captain of the Kerr ran his big steel ship up under the Naomi's stern so close that the imperiled people leaped to her deck. The coal passers were heard from the bow port holes. Vainly they begged for help. The port holes were too small for them to pass through and they were compelled to fall back into the smoke and fire and were burned to death.

The Kansas took on board the half clad and terribly shocked and frightened passengers and brought them to this port. All were loud in their praise of the Naomi's crew and their bravery and coolness. Steward Rossbach and Purser Hanahan, who rescued Rhodes from his berth when the cabin was filled with flames, were especially commended.

NEGROES LYNCHED

Four Other Persons Dead and Six Injured as Result of Attempted Criminal Assaults.

Reidsville, Ga., May 21.—Two negroes lynched and four other persons dead and six others injured is the net result of attempted criminal assaults made last night on Mrs. Laura Moore, white, a widow living about six miles from here, by Flem Padgett, a negro. Two of the Padgett family are the ones lynched and the death or injury of other followed the efforts of a posse to capture Padgett. When the mob went to Padgett's house they were fired upon and one white man named Hare was killed and four others wounded. The crowd fired a volley into the house, killing Padgett, the father, and two of his daughters, and wounding two of his sons, one of whom was Flem Padgett, the man wanted. After the cooler element had left the scene, the hot-headed element employed a man to take Padgett's wife and one of the Padgett boys, who was shot through the lungs, to the Reidsville jail, but later the party followed, took the prisoners from the man in charge and riddled them with buckshot.

TROUBLE IN SALVADOR.

New Orleans, La., May 21.—A cablegram from President Zelaya of Nicaragua, saying that a revolution broke out to day in Salvador, was received here by the Nicaraguan consul. The cable said Prudencio Alfaro leads the revolution. It contained no other information.

INCORPORATED.

Madison, Wis., May 21.—The Wisconsin & Northern Minnesota Railway company, capital \$100,000, was incorporated to day. The road is to start in the northeast part of Douglas county and extend through Superior to St. Louis river and across the river by ferry or bridge to Duluth. The length within Wisconsin will be about twenty-five miles.

HOME RULE OR NOTHING

UNANIMOUS SENTIMENT OF CONVENTION AT DUBLIN.

Plan for Limited Irish Council Repudiated—Keynote of Speeches Say Bill Was Insult to Ireland—American Delegates There.

Dublin, May 21.—The largest, most representative and most harmonious convention ever assembled in Ireland to day repudiated the plan for limited Irish council, which was all liberal government had to offer in fulfillment of its campaign promises. This action killed the hope of any home rule legislation by the present parliament, created a serious split in the government's forces and may have far-reaching results.

The temper of the convention was plain from the beginning. No one had a word to offer in behalf of the bill. Home rule or nothing was the unanimous sentiment, and resolutions rejecting the measure proposed by John Redmond commanded every vote. Irish parliamentarians had been deluged with resolutions from town councils and all sorts of official and unofficial bodies since they arrived in Dublin, all denouncing the bill. The country spoke in unmistakable voice and Irish members of parliament cheerfully acquiesced in its will. Three thousand delegates attended the convention. Speeches were temperate and there was little denunciation of the government except for the outbreak of a priest, who attempted to make the bill a church issue and was rebuked, everything went smoothly. American delegates were all greeted enthusiastically. The keynote of the speeches and the resolutions introduced was that the bill was an insult to Ireland.

BILL TO BE DROPPED

Government Cannot Grant Self-Government to Ireland Without Dissension in Cabinet.

London, May 21.—The Nationalist convention at Dublin, having rejected Blyell's Irish bill, it is understood that the government will drop it for this session at least and proceed with other forms which its liberal supporters are urging and with which the sessional program is crowded. That the government cannot grant any wider measure of self-government to Ireland without causing dissension in the cabinet is not denied, so there is no other course to adopt than shelving the bill, which is represented to be the limit to which anti-home rule liberals would consent to go. Redmond's action in moving rejection of the measure, although anticipated in some quarters, generally caused surprise, as it is understood, he had agreed, after conference with his colleagues, to accept what the government offered, as partial concession to demands of Ireland. With a majority of his party, including the clergy, are opposed to it, however, there was no other course for him to pursue in the opinion of politicians here.

ELECTED OFFICERS.

Bloomington, Ill., May 21.—The triennial state convention of the Macabees of the World closed this afternoon with election of the following:

Great Commander—J. F. Donner, Chicago.

Record Keeper—Thomas M. Doig, Chicago.

Finance Keeper—Weldon Clark, Chicago.

Medical Examiner—Dr. A. H. Gordon, Chicago.

FATALLY INJURED.

Noted Mission Priest Run Down by an Electric Train.

Chicago, May 21.—Rev. Father Francis Nugent, the head of the mission work west of Vicentian Fathers, and whose home is in St. Louis, was struck and probably fatally injured by a Chicago & Oak Park electric train at Austin, a suburb of Chicago, to day. Nugent was on his way to church when the accident occurred. He was considered one of the most eloquent preachers in the Catholic church in the United States.

RELIEVED FROM DUTY.

Washington, May 21.—In view of the fact that the time some of the sailors on the Marietta is about to expire, the navy department to day ordered that vessel relieved from further duty on the gulf coast of Honduras by the gunboat Dubouque, which has been on duty in Dominican waters.

BOARD OF HOME MISSIONS

RESOLUTION ADOPTED BY GENERAL ASSEMBLY.

Board to Have Large Sum With Which to Carry on Work During the Coming Year—Temperance Controversy—Members Re-elected.

Columbus, Ohio, May 21.—The Presbyterian general assembly to day received and adopted a number of reports, including those of the board of home missions and the board of education. The assembly adopted a resolution declaring \$1,000,000 to be the least sum which churches can be asked to give to enable the board to properly carry through its work the coming year.

Developments in the temperance controversy, aroused by antagonism of the anti-saloon league to inter-church temperance federation, came rapidly to day. The standing committee on temperance referred all questions affecting the attitude of the church toward the league to the committee on policy, which decided to recommend that no minister of a Presbyterian church, as such, could be an officer or member of the anti-saloon league; that they could participate in the work of that organization only as individuals. At the same time the standing committee on temperance read and adopted a resolution asking the committee to define the duties of the permanent committee on temperance which represents the church in the inter-church temperance federation.

The report of the committee was adopted confirming the appointment of Revs. William P. Finney, F. W. Loecherer, Ph. D., Edward B. Hodges, Jr., M. D., and Dr. Charles T. Evans as members of the board of education.

The committee recommended that no action be taken on the overtures from the presbyteries of Cornwall, Dubuque and Iowa City on matters of requiring written contracts with ministers on terms of service.

The following members of the board of home missions were re-elected: Rev. Samuel J. Nicolls, Rev. Dr. Joseph Dunn Burrell, Dr. Albert Edwin Kergwin, Walter M. Alkman, William H. Corbin, Robert C. Orden and Henry W. Jessup. Rev. Dr. Allen Douglas Carlisle was elected to succeed Rev. Dr. Thomas Nelson.

Elected Officers.
The women's board of home missions of the Presbyterian church to day elected: Mrs. Darwin R. James, president; secretary, Mrs. Ella Alexander Hood. Reports submitted showed advance in every department of the work during the last year.

HAGEMAN INDICTED

Special Grand Jury Returns Ten Indictments Against Insurance President.

New York, May 21.—The special grand jury investigating the conduct of the insurance business in New York county has concluded its investigation of the Metropolitan Life insurance company and to day returned ten indictments against the company's president, John R. Hageman. Seven indictments charge forgery in the third degree, while the others charge perjury. All are based on what have come to be known as "year end transactions." These consisted of certain changes in the company's books effected just prior to the submission of the annual report to the insurance department, which, it is alleged, were designed to place the company in a more favorable light than the facts warranted.

PAT CROWE ACQUITTED.

Council Bluffs, Iowa, May 21.—Pat Crowe was this afternoon acquitted by the jury in the district court of the charge of holding up two street cars in this city two years ago and robbing their crews. The robberies were committed by two masked men and Crowe was indicted for the crime. One of the men robbed, however, to day testified that Crowe was not one of the holdup men. This disposes of the last criminal charge against Crowe, who became notorious several years ago as the supposed kidnapper of the son of E. A. Cudahy of Omaha. A year ago he was tried on this charge and acquitted.

ROBBERS BLEW SAFE.

Sioux City, Iowa, May 21.—Early this morning four robbers blew the safe of the Winnebago State bank of Winnebago, Neb., on the Indian reservation, and escaped with \$1,100. This afternoon the police arrested John E. Roe, alias "Hand-and-a-Half" Kelley, and George Meyers. Both are in jail and the police are looking for two others.

EXCITING FINISH

Umpires Assaulted by Angry Mob—Police Protection Needed to Save Men From Violence.

New York, May 21.—The first game of the series between New York and Chicago of the National league, at the Polo grounds to day, ended in almost a riot. Chicago won by a score of 3 to 2 and is now tied with New York in the race for the pennant. Fast infield playing and Bresnahan's errors were responsible for the downfall of the locals.

Immediately after the game the crowd, maddened at what were considered unfair decisions, surged onto the field and surrounded umpires Emble and O'Day. Cushman was thrown at Emble and he was jostled by the mob. Officials ran from their dressing rooms followed by hundreds of angry men. Two policemen entered the grounds and when several bottles were thrown by the crowd they drew revolvers and one of them fired a shot into the air. This brought a mounted patrolman into the grounds and the crowd was driven away from the umpires' rooms. No one was injured.

MET FRIGHTFUL DEATH.

Five Men Killed and Four Fatally Injured in Mine Disaster.

Pittsburg, Pa., May 21.—Five men were killed and four fatally injured to night at the Eliza furnace of Jones & McLaughlin steel company. The accident was directly due to a "slip" which immediately resulted in an explosion. Molten metal was thrown over the men, almost cremating them.

The dead: E. B. Willard, assistant furnace superintendent; John A. West, head blower, and three unknown foreigners.

Willard and West are said to have been two of the most prominent furnace men in the country. They were experts at furnace work and for this reason it is believed the accident was without warning. One of the men who escaped uninjured says Willard's head was blown off by the force of the explosion.

ADOPTED RESOLUTION.

Washington, May 21.—The Army and Navy union convention to day adopted a resolution that the national corps go on record as in favor of re-establishment of the army cadet or post exchange, as it was prior to the act of congress doing away with it at the behest of interested party.

MANUFACTURERS' ASSOCIATION

COMMITTEE REPORT ON INTER-STATE COMMERCE ADOPTED.

Think That Two Cent Passenger Rate Would Result in Higher Freight Charges—Would Bankrupt Branch Lines.

New York, May 21.—The Manufacturers' association to day placed itself on record by adopting the report of the committee on interstate commerce, opposing any compulsory reduction in the rates of transportation of passengers by railroads. The committee expressed the opinion that any such reduction would be accompanied by an increase in freight rates.

"We see in the movement an indirect attack on public interests," says the report. "It is not proved that the railroads could afford to make a general reduction of the kind mentioned by higher freight charges or increased income from some other source, or cutting down of the service."

"It is alleged that some of them would be thrown into bankruptcy thereby, a point difficult to test for any one but an experienced accountant, and for that very reason untested for arbitrary decision by legislators unfamiliar with railway affairs, after a half way investigation. 'It is probable that some of the main lines between great centers of population can carry passengers at two cents a mile, but it is certain that many branch lines could not meet the costs of the passenger traffic at that rate. Again, not only must the present condition of the railway service suffer deterioration, if roads are compelled to economize by a too severe cut in passenger rates, but the same cause must operate as a serious bar to improvements and extensions. Finally, the effect of such legislation would be the lowering of values of railroad property, practically amounting to confiscation, thus discouraging enterprise in another way by rendering more uncertain the reward of its application to transportation.'

A bronze tablet bearing resolutions expressive of the association's appreciation of the services of David M. Parry, former president of the organization, was unveiled and presented to Mr. Parry. Parry then read a paper on certain phases of various problems growing out of commercial litigation. He said that not only did the constitution of the United States permit the organization of trusts, but the persistence of such organizations showed that there was an economic demand for them.

Francis B. Loomis, former assistant secretary of state, spoke on foreign trade. The report of the committee on merchant marine recommended that Senator Gallinger's bill to promote the merchant marine be passed and the meeting at once passed a resolution without debate covering such an action.

F. C. Nuncmacher, of Louisville read a paper on "The Employer in Politics." He especially proved the compulsory adoption of the eight hour work day and said he regretted the attitude of President Roosevelt. He prophesied that some one would rise to meet the labor and industrial problems of this age and to insure a square deal to all.

At to day's session President Van Cleave presenting his annual report, called for a fund of \$1,500,000 to be used during the next three years in combating what he termed industrial oppression. The principles of the association were, he said, founded upon the open shop, opposition to the boycott and the dictation of labor unions, and the fund would be required to further those tenets. Subsequently a committee was named to devise means of raising the fund. The report of the committee on tariff and reciprocity, including the result of the poll of the members was to be their views on tariff revision, will be made to morrow. It is said 60 per cent of the members are in favor of a revision of the Dingley tariff.

HELD TO GRAND JURY.

Jefferson City, Mo., May 21.—Former Judge William M. Lumpkin, a lawyer and wealthy citizen of Eldon, was brought here to day and arraigned on a charge of sending obscene matter through the mails. Lumpkin pleaded guilty and was held to the federal grand jury. He was desirous of reforming certain alleged dissolute women of Eldon and wrote them anonymous letters, in which it is charged some indecent language was used.

DEATHS.

Janesville, Wis., May 21.—Cornelius N. Carpenter, a pioneer lawyer and banker of southern Wisconsin, is dead, aged 81 years.

GRAND JURY MADE REPORT ON POOR

FARM—MEMBERS DECLARE CONDITIONS EXIST THAT

Endanger Health of Occupants—Buildings Greatly in Need of Repair—Recommend General Overhauling of Premises.

The grand jury completed their work Tuesday and presented their report to Judge Thompson. The report regarding the poor farm has brought to light some startling disclosures and steps should be taken at once by the board of county commissioners to remedy existing conditions. The report of the grand jury is as follows:

Poor Farm Report.
To the Honorable Circuit Court of Morgan County, Illinois: Honorable Owen P. Thompson, Judge: We, the committee appointed to report on the Morgan County poor farm and surroundings for the grand jury for the May term, 1907, beg to report to the court and county

commissioners that we wish to go on record as denouncing the idea of the grand jury putting our county to the expense of expecting to be royally entertained with an elegant plate dinner upon their semi-annual visit and putting the superintendent and his estimable wife to the work of days to prepare for the occasion. It would be better to select some afternoon unbeknown to the superintendent for the inspection of the county farm.

We most heartily endorse the present superintendent and his estimable wife, Mr. and Mrs. Charles Thomason, and congratulate our board of county commissioners on the appointment of the present appointees and believe from our observation they are doing all within their power to put the place in a presentable and habitable condition, as we found more than one-third of the buildings show the effects of cleaning after years of accumulation of white wash and dust, as can be seen by comparing the rooms already cleaned with those yet untouched, and we also respectfully ask to report a few of the conditions we found on our visit of inspection to the farm on the afternoon of May 17, 1907, as follows, to-wit:

We find that our farm is in need of water facilities; we find 51 in-

mates, 33 males and 18 females, who are bathed each week, allowing six buckets of water to a person, requiring in the aggregate 300 buckets for bathing use alone, not speaking of the amount used for cooking, scrubbing, washing, etc., which has to be carried into the building by buckets.

We recommend to our board of county commissioners that they install a complete and sanitary water system throughout the building by purchasing a gasoline engine of sufficient power and speed to also run a dynamo of large enough capacity to furnish light for the entire building and premises and thereby dispensing with the dangerous oil lamps now in use.

The vermin story published broadcast through our daily papers of our county poor farm being full of vermin is incorrect, but upon investigation, the matron informed us that the building is infested with bed bugs and from our observation is in an unsanitary condition, and are painting and cleaning same as rapidly as possible with the assistance at their command.

We recommend that six closets should be installed in the ward building, together with a water system piped through the building. We recommend that the tin roofs

of the buildings be repaired and painted and should have the immediate attention of our board of commissioners, as we find same to be in a leaking condition.

We find the basement very unsanitary and dirty and on the east side of the ward building during heavy rains the water runs over the steps into the cellar carrying filth and dirt, which is very unhealthy and should have the attention of the commissioners and we recommend that the entire basement be re-cleaned and concreted.

We find the porches on the north and south sides of the main building are unsafe and should have immediate repair.

We find the men and women's dining room in the basement very unsanitary and the walls have been white washed year after year, filth over filth, leaving a bad odor in damp weather and we recommend that the plaster be knocked off and replastered and a sink be placed in either dining room for washing dishes.

We find the bake oven badly in need of overhauling, that the smoke instead of going through the proper channel, a part of it seeps through the oven and causes soot to form and makes it impossible for the baker to carry out clean bread. We also recommend a new bread cupboard to be installed in the bake room.

We find that some dishes and spoons are needed in the main building and recommend the purchase of same.

We find chairs are needed for the inmates in the ward building and in need of different pieces of furniture in the main building.

We find the chimneys are badly in need of retopping and recommend the overhauling of same.

We find the ward building badly in need of new floors, as the water seeps through from the upper story to the lower floor and recommend that same be relaid with hard wood floors.

We find that the fence around the inclosure used for the daily exercise of the insane inmates should be repaired and enlarged, should they be allowed to be retained.

We find but one change of pillow slips and sheets and we recommend to our board of commissioners that they allow the matron to purchase the necessary supply needed.

We find the brick pavement on the south of the main building in need of repair and recommend that it be replaced with concrete.

We recommend that a hog shed be built to take the place of the old dilapidated shed now standing on the farm.

We recommend that the insane inmates should be conveyed to some state institution and rid the poor farm of such inmates hereafter.

We find from the superintendent that immediately upon his taking charge one male inmate was found in bed with an insane inmate and put out by the present keeper and on the following Monday was discharged from the place. Upon investigation we found that he made a key or secured one in some unknown manner that would unlock the door of the insane department and was found as described. From the lips of the woman we are said to note her condition.

We find two infectious diseased persons that should have the attention of our board of commissioners as they are endangering the health and lives of those who come in contact with them.

Upon passing through the main building into the reception room we find an open register of the account of everything bought and sold, which has been installed by the present superintendent for public inspection.

We find the barn in good condition and a new chicken house 12x50 feet.

We find a new orchard of 100 young trees.

We find a nice growing garden of about four acres, also about four acres of potatoes planted. Also we find 7 head of horses, all ages; 10 milk cows, 1 bull, 9 calves, 55 head of shoats, 21 brood sows, 40 head of pigs, 80 chickens, 5 turkeys, 65 acres of corn planted, 32 acres of wheat, 15 acres of oats, 16 acres of clover meadow, 16 acres of timothy meadow, 1,200 bushels of corn in crib.

We find three chambers on the second floor of the main building newly papered and new matting and the reception room and the middle chamber on lower floor newly papered and new linoleum and matting, also the upper and lower halls newly papered and floors varnished, and new stair carpets and number of new lace curtains.

We, the grand jury of the May term, do urge and insist that these improvements be made as soon as practicable, and we further insist that our board of commissioners be not criticised for making such needed improvements as we found necessary and have recommended in the above report.

All of the foregoing is concurred in by the following who composed said committee and who were instructed by the court to make a thorough and impartial report, all of which is respectfully submitted to the honorable court and board of county commissioners this 20th day of May, 1907.

Jail Report.

We, the committee appointed from

the grand jury, May term, 1907, to visit, inspect and report upon the jail of Morgan county, Ill. We submit to the court and our board of county commissioners that we find the jail building and surroundings in a clean condition and good repair. The nine prisoners incarcerated therein say they are well fed and cared for. Respectfully submitted this 20th day of May, 1907.

John F. Berry,
A. A. Curry,
E. L. Kinney,
W. D. Cody.

The report of the grand jury certainly reveals a shocking condition of affairs and the necessity of immediate action on the part of the board of county commissioners is apparent without argument or comment. County property should be kept in first class conditions at all times. In the first place it is a saving to the tax payer to keep up public property and in the second place it serves as a good example to the community. The county poor farm is not according to the report of the grand jury in even fairly tenable condition. Above every consideration humanity demands that the wards of the county be housed in sanitary buildings where cleanliness is possible and where health is not jeopardized by poorly lighted and ventilated rooms.

DRUNKENNESS CURED.

It will be gratifying to all lovers of temperance and a happy home to know that a simple and a scientific cure for the whisky and beer habit has been discovered. Orrine never fails to cure drunkenness if it is used in accordance with the simple directions in the package, and the discoverer has so much confidence in the treatment that we are authorized to sell it with an absolute guarantee, to effect a cure or the money will be refunded.

It is in two forms: No. 1 to be given secretly, and No. 2 for those who wish to be cured, \$1 each. Mothers and sisters have told us of husbands and brothers who since they were given Orrine, in many cases without their knowledge, have lost all desire for drink and we are glad to recommend the remedy. Mail orders filled. The Orrine Co., Washington, D. C., or Armstrongs' Drug Store.

Baker of Carrollton at 8 o'clock especially for young people. Saturday morning at 10:30 o'clock the services will be in charge of Rev. C. S. Lyles of Winchester and at 12:30 dinner will be served on the grounds by the ladies. At 2:30 Rev. Merle N. English will deliver a sermon and at 7:30 in the evening an address will be given by W. S. Phillips.

Sunday Services.
At 10:30 o'clock Sunday morning Dr. W. F. Short will deliver the sermon and at noon dinner will again be served on the grounds by the ladies of the church. At 2:30 o'clock will be held the regular Sunday school services and at 3 o'clock Rev. J. C. Nate will preach. In the evening at 7:30 Rev. J. L. Wylder will preach a gospel sermon.

In all of these services the Methodist church at Lynville and the Mt. Zion church will unite and a cordial invitation is extended to everyone to attend.

SALE OF MUNICIPAL BONDS.
Sealed bids will be received by the undersigned for permanent sidewalk bonds of the city of Waverly, Morgan county, Illinois, to the amount of Three Thousand (\$3,000) Dollars, voted upon and carried at the last municipal election of said city, held April 16, 1907. Said bonds to be issued in multiples of Six Hundred (\$600) Dollars each and due one each year, with the interest on the whole, then outstanding, until the whole amount is fully paid. Said bonds to be dated June 15th, 1907, and bear interest at the rate of 5 per cent per annum from date. The mayor and city council reserve the right to reject any and all bids. Bids will be received up to 12 m. Tuesday, June 4, 1907.

Dated this 17th day of May, 1907.

A CORRECTION.
Lawrence, Kan., May 20.—Editor Journal: Dear Sir—There was a notice in last week's Journal announcing the wedding of our daughter, Lois. While this was an item of interest and surprise to her Jacksonville friends, it was also an equal or greater surprise to the young lady herself, as she is pursuing her studies at Baker university, and no such event has occurred. She, with her parents, naturally feel anxious that her friends shall be informed of the uncorrectness of the former notice.

The Weakness of Old Age

As the years go by the blood gets thin, watery and impure, and fails to supply the nourishment required to keep vitality at high-water mark. Circulation gets bad, and the nervous system suffers. Besides the pains and aches, besides the weakness and dizziness, there are feelings of numbness which tell of the approach of paralysis and locomotor ataxia.

Judging from the experience of the thousands of old people who have tested Dr. A. W. Chase's Nerve Pills, they seem to be exactly suited to overcome these conditions, consequent on old age.

Unlike ordinary medicines, Dr. A. W. Chase's Nerve Pills are entirely restorative in action, and cure by forming new, firm flesh and tissue, and building up the system. 50 cents a box, at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

RAIN PREVENTS GAMES IN IOWA

State League—Burlington and Waterloo Play Nine Innings With Score Tied When Rain Stops Game.

HOW THEY STAND.

	P.	W.	L.	Pct.
Burlington	12	8	4	.667
Jacksonville	12	7	5	.583
Marshalltown	11	6	5	.545
Oskaloosa	12	6	6	.500
Ottumwa	12	6	6	.500
Waterloo	13	6	7	.462
Keokuk	13	5	8	.385
Quincy	13	5	8	.385

WHERE THEY PLAY TO DAY.

Jacksonville at Oskaloosa.
Marshalltown at Burlington.
Waterloo at Keokuk.
Quincy at Ottumwa.

Rain prevented all games in the Iowa State League Tuesday. The Burlington-Waterloo bout went for nine innings at Burlington, when the downpour put a stop to further hostilities with the score a tie.

The following was the score at Burlington:

	R.	H.	E.
Burlington	4	6	2
Waterloo	4	10	5

Game called at end of ninth inning on account of rain.

ATHLETIC ELECTION.

The Illinois College Athletic association held their annual election of officers Tuesday with the following result:

WOMAN'S COLLEGE FUND GROWS

GETS \$2,500 FROM "FRIEND IN ILLINOIS," AND \$2,000 RECEIVED

During Day—Total Amount Raised \$11,500—Amount Secured Tuesday \$4,500—President Barker Feels Greatly Encouraged Over the Outlook.

Tuesday was certainly a red letter day in the financial campaign now in progress for the Illinois Woman's college. The campaign was started less than two weeks ago by President Barker, who mapped out a definite plan of procedure. Seven thousand of the \$25,000 had been raised up to Monday night and within twenty-four hours President Barker had received \$4,500 additional, making the total sum raised to date \$11,500. Dr. Horace Reed, field agent of the college, returned last night with a gift of \$2,500 from a "friend in Illinois" and \$2,000 had come in during the day, making the day's total \$4,500. Last night President Barker and the entire college were more than enthusiastic over the results, not only of the day, but of the campaign thus far. The canvass has been made without ostentation, but has been persistently and aggressively pushed and results are certainly apparent.

OAKLAND.

A Heart to Heart Talk With You, Mr. Clothes Buyer

Not one man in ten knows the difference in fabric between one suit and another.

He puts on a garment, sees that it fits well, notes the general appearance and if the garment pleases him he buys.

He is taking his chances on the style, the material and the finish.

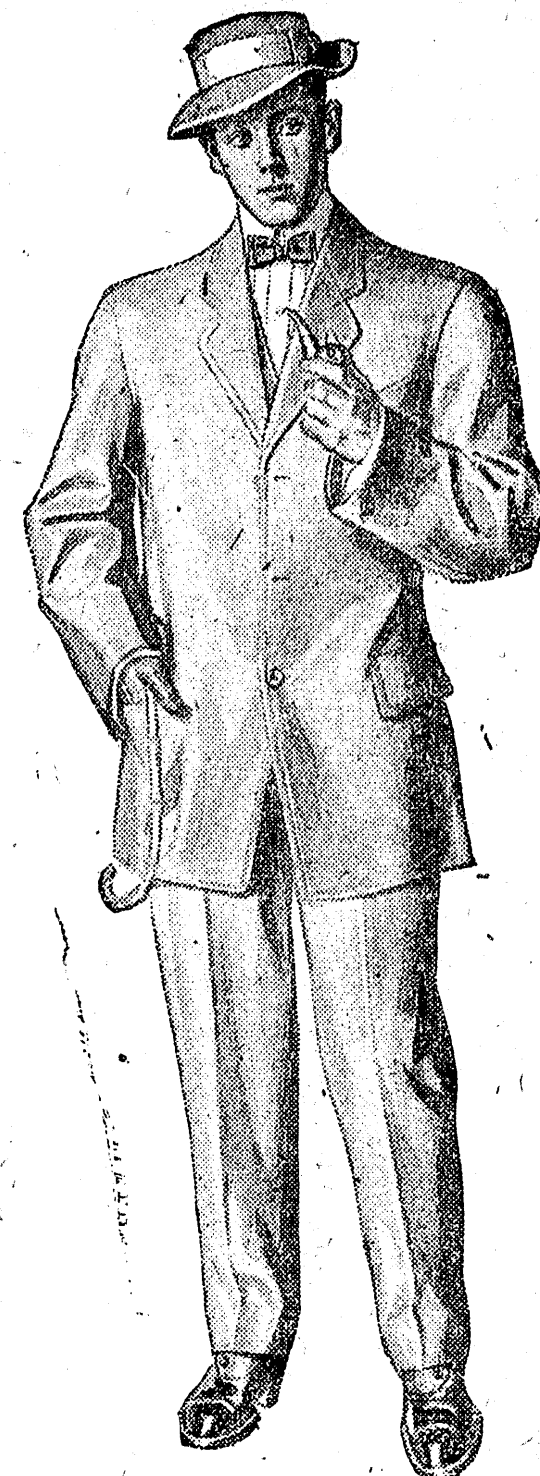

We, Mr. Clothing Buyer, know the difference in fabrics and when we tell you that this suit is a "splendid value" you can rest assured it is.

You are assured the style is the latest, the material the best and the finish the finest.

ANNUAL OPEN MEETING.

Members of East Side Tuesday Club Delightfully Entertained at Home of Mr. and Mrs. Deem Rapp.

The annual open meeting of the East Side Tuesday club was held last night at the delightful home of Mr. and Mrs. Deem Rapp on West Lafayette avenue. There was a large attendance of members and guests and an attractive literary and musical program was carried to a fine execution.

The Tuesday club is one of the strong literary organizations of the city and its members are zealous in the carrying on of their work. Delicious refreshments were served at the conclusion of the formal program and the occasion was one of keen social pleasure for the members of the club and their invited guests.

EPWORTH LEAGUE CONTEST.

For the past ten weeks there has been a contest on in the Epworth league of Centenary church, with Miss Marie Sheppard and Herbert V. English as captains of the respective sides, the purpose of which was to see which company could win the largest number in attendance and also in new members.

The contest has just closed and Tuesday evening, the losing side, of which Miss Sheppard was captain, tendered the winning team a banquet in the parlors of the church. The tables, which were two in number, were placed in the library room at which seventy people sat down to partake of the excellent meal. The room was decorated artistically in bunting and flags. Following the banquet the lights were put out and the tiny candles lighted, after which marshmallows were toasted and also toasts were given. Rev. Merle N. English acting as toastmaster. The evening was one of pleasure and much profit and all the young people feel amply repaid for their efforts.

The following is a list of the toasts and the speakers:

"How It Was Done"—Herbert English.

"A House Divided Against Itself"—George Sargent.

"Keeping the Count"—Herbert English.

"The Old Members"—Mrs. Lucy Allen.

"The New Members"—Miss Winnie Wackerle.

"What we would have done if we had been defeated"—Miss Martha Packer.

"Absence makes the heart grow fonder"—Mrs. Clara Rafferty.

"To the victor belong the spoils"—Mrs. M. N. English.

"When the battle is lost and won"—Edwin Jackson.

MAY HAVE BACCALAUREATE.

The seniors of the high school have this year been agitating the question of having a baccalaureate address as a part of the exercises of commencement week. SPRING CONCERT

Given by Illinois College Chorus and Conservatory Orchestra Delighted Large Audience at Westminster Church.

Westminster church was filled with a large audience Tuesday evening on the occasion of the spring concert by the Illinois college chorus and Conservatory orchestra. The concert proved an evening of keen musical enjoyment and was the occasion of the second appearance of Mr. Songer who will have charge of the vocal department of the Conservatory next year.

He was heard with the same pleasure as on Monday night and certainly is the possessor of a voice of highly pleasing quality. He sings with ease and musical understanding and has a vocal equipment that is indicative of a trained singer. Both chorus and orchestra won new laurels, the second number sung by the ensemble voices being especially enjoyable. Mr. Yandley shows his versatility as a musician by his directorship and by his work as a soloist. As a vocalist he has a voice of strength and power and his ability as an instrumentalist is also quite marked. He was given flattering recognition at the close of his solo number and after repeated bowing he was compelled to return and play the Serenade-Radine a second time.

The work of the orchestra under Mr. Haberkorn is always enjoyed and in both numbers last evening they played with skill and splendid instrumentation.

The concluding number on the program was a violin duet by Misses Carrie Dunlap and Hazel Brown and was given with artistic conception and perfect execution that showed the ability possessed by both of these musicians.

The program was as follows:

Overworked Women

The Suffering and Pain Endured By Many Working Women is Almost Beyond Belief.

THERE are thousands of American women whose duties call them out in all winds and weathers, many of whom sit with wet feet or stand all day, thus weakening and undermining their health. Women, however, for the most part, spend their lives at home, and these women are willing and ambitious that their homes shall be kept neat and pretty, their children well-dressed and tidy, and do their own cooking, sweeping and dusting, and often washing, ironing and sewing for the entire family. Both of these classes call for our sympathy.

Truly the work of such a woman is "never done," and is it any wonder that she breaks down at the end of a few years, the back begins to ache, there is a displacement, inflammation or ulceration of certain organs, and the struggle to continue her duties are pitiful.

Lydia E. Pinkham's Vegetable Compound.

Made from native roots and herbs, is the exact medicine a woman needs whose strength is overtaxed. It keeps the feminine system in a strong and healthy condition.

Mrs. Sadie Abbott, of Jeannette, Pa., writes:

Dear Mrs. Pinkham:—"I suffered severely with pain every month, and also a pain in my left side. My doctor prescribed for me but did me no good; a friend advised Lydia E. Pinkham's Vegetable Compound and I wrote you in regard to my condition. I followed your advice and am a perfectly well woman. The pains have all disappeared, and I cannot recommend your medicine too highly."

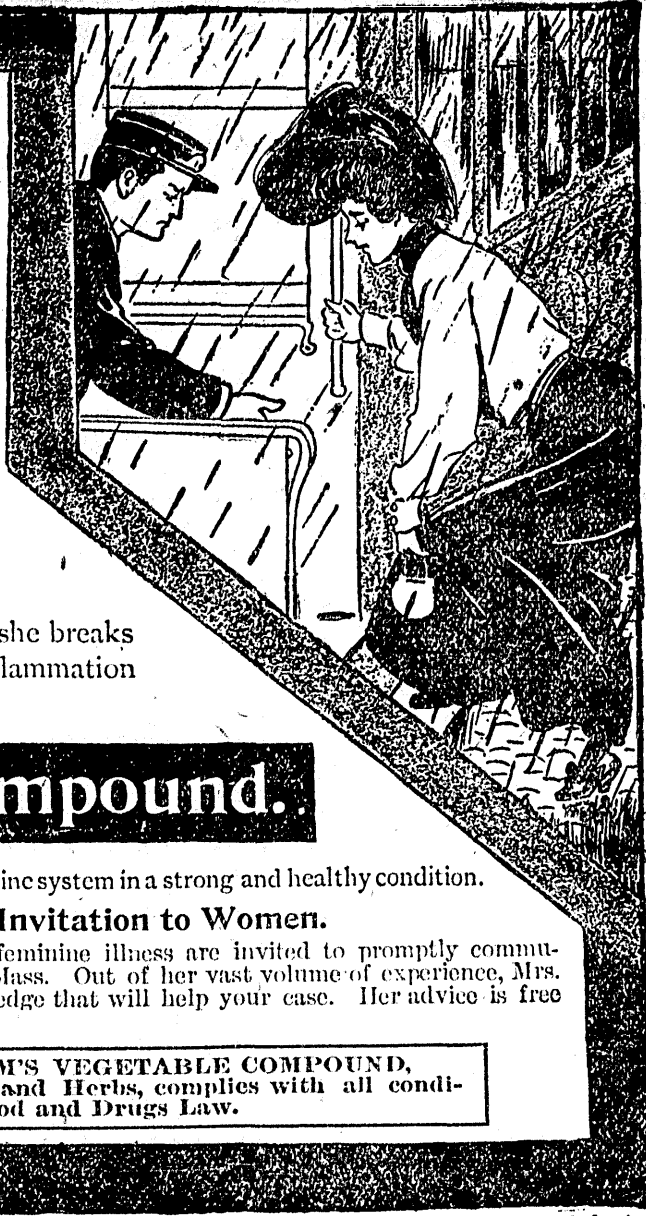

Mrs. Lena Nagel, of 117 Morgan St., Buffalo, N.Y., writes:

Dear Mrs. Pinkham:—"I was completely worn out and on the verge of nervous prostration. My back ached all the time. I had dreadful periods of pain, was subject to fits of crying and extreme nervousness, and was always weak and tired. Lydia E. Pinkham's Vegetable Compound completely cured me."

Mrs. Pinkham's Invitation to Women.

Women suffering from any form of feminine illness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. Out of her vast volume of experience, Mrs. Pinkham probably has the very knowledge that will help your case. Her advice is free and always helpful.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND, made from Native Roots and Herbs, complies with all conditions of the New Pure Food and Drugs Law.

The Glory of Maternity.

Nature, if left alone, will cure for itself.
This might have been true at some prehistoric
time, but since for ages it has not been left
alone, but has been bound down and fettered
by the observances and mandates of society, it
can no longer care for itself.
At no time does the truth of this appeal to us
more strongly than at that period of a woman's
life when she is about to become a mother.
Nature must be assisted at this crisis, and
for this very contingency

MOTHER'S FRIEND

has been devised that the muscles and tissues
implicated and weakened as they have been
by the strain of her higher civilization, may
fulfill without undue suffering and possible
lasting harm, the functions for which the Creator
intended them.
Mother's Friend by its kindly offices softens
and relaxes these parts and enables the mother
to be, to pass through the parturient period
and actual crisis with practically no suffering

RAILROAD NEWS NOTES

Unknown Pedestrian Saves Burling-
ton Train From Wreck—Wabash
Section Man Injured—Illinois Cen-
tral has Interurban Plan.

John Vieira of the Wabash west
section had the misfortune to injure
his right foot Tuesday afternoon
about 2 o'clock. He, with the rest
of the men under Foreman Cahill,
were working between North Main
and North East streets on the house
track switch at the time of the acci-
dent. With three other men he was
unloading a long, heavy switch tie
from a push car when his foot caught
on a silver of a rail, tripping him
so as to make him lose his hold on
the tie, which fell upon his left foot,
crushing it painfully. Every immediate
attention was paid to the injured
man and when No. 22 came along
he was put on board and taken to
the Wabash Employees' hospital at
Decatur. At this time it is impossi-
ble to say how serious Mr. Vieira's
injuries are.

By prompt action an unknown
pedestrian narrowly prevented what
must have been a disastrous wreck
on the Burlington between Sorento
and Reno Tuesday morning about
8:20. The train was No. 47, Con-
ductor Frazier and Engineer Brady.
When running over a part of the
track known as the Big Shoal fill
a man was seen waving his arms
ahead of the train, which at once
came to a stop.

It was found that a broken rail
had been discovered by the unknown
traveler and only by his timely ac-
tion was a disaster averted for at
the point of the defective track the
embankment is thirty feet high.
The crew repaired the rail so that
the train could pass over. It is not
known whether the man who stopped
the train was an ordinary tramp
or a workman out of a job. It is
understood that his name was taken
and it may be that the road will
see fit to recognize his service sub-
stantially.

While other roads have been try-
ing the interurban proposition and
dropping it, with the statement that
it would not pay, the Illinois Cen-
tral has been trying it on its own
hook and has decided to make one
of its branch lines exclusively inter-
urban. The step is an important one
and it may solve the problem of the
short lines in Illinois.

Announcement has been made that
beginning next Sunday, the Decatur-
Champaign branch of the Illinois
Central will be used exclusively for
interurban business. The interurban
service was installed on this line a
year or so ago, two interurban trains
running each way, besides the regu-
lar through trains, like the Chicago
express. According to the new ar-
rangement these through trains will
be run by way of Clinton and only
interurban trains will ply between
Decatur and Champaign. Baggage
will be carried on the interurban
trains and they will run at close in-
tervals.

The Illinois Central has a number
of short lines over the state which
have been bought up at various
times. These lines are used mainly
for "feeders" to the main lines. If
interurban service were installed on
them it is argued that their business
would be greatly increased and the
lines would show new life. Should
the experiment of the Decatur-Cham-
paign line prove unsuccessful, it is
not probable that it will be tried
elsewhere.

HAS BLOOD POISONING.

Anthony Nunes, a brother of Wil-
liam Nunes, is a patient at Passavant
hospital, suffering from a severe at-
tack of blood poisoning. A few days
ago while he was engaged in doing
some excavating work a horse step-
ped on his foot and inflicted a pain-
ful wound. He paid little attention to
the matter, however, until Sunday,
when the pain in his foot became in-
tense and evidences of blood poison-
ing were apparent. Mr. Nunes is ac-
counted as being in a serious condi-
tion.

HORSE DROPPED DEAD.

Otis Hoffman had one of his
horses to drop dead yesterday. He
had his team hitched to a wagon
and was standing on North Main
street waiting for a Wabash train
to pass when, without any warning,
the horse dropped to the ground
and death must have been instan-
taneous, as the horse made no move-
ment after falling. The animal had
at no time before this appeared to
be sick and the cause of death was
mysterious.

Blotches, pimples, flesh worms,
black heads, are unsightly and de-
note impure blood. Hollister's Rocky
Mountain Tea will drive them away

of health and happiness. 35 cents,

Little Ills of Children

Mothers and all others who have chil-
dren about the house cannot do their
families a better service than to learn of
simple and reliable remedies that correct
children's ailments. Many grown peo-
ple are suffering today for the ignorance
or negligence of those who had charge
of their bringing up.

Children are prone to constipation,
and if it isn't corrected early, the bowels
get in the habit of not working nor-
mally and soon chronic constipation
results that may last off and on all
through life. Then children eat almost
continually and as a consequence indi-
gestion sets in soon followed by worms,
stomach pains, or diarrhea, or any one of
a dozen other troubles. To say that it will
itself is putting altogether too much faith
in chance. It is trying with the child's present
and future health.

A better way is to give the child a dose
of something intended to cure that very trouble,
and nothing better for the purpose is known than
Dr. Caldwell's Syrup Pepsin. It never grieves
but is as gentle and as it has a pleasant taste
the child will not refuse to take it. Buy a 50-cent
or \$1 bottle of your druggist and save the child
from sickness. You should remember that a
child whose stomach is in good working order is
not likely to catch colds and fever diseases.
Mrs. Curry, of Trowbridge, Ill., attributes the
remarkable health of her child to Dr. Caldwell's
Syrup Pepsin, which she gives regularly in these
disorders. Mrs. Eversole, of Hinsdale, Ill., is
frank to say that the present good condition of
her five-year-old boy is entirely due to this won-
derful remedy. Try it in your own family and
see if you cannot share these opinions. Every
bottle is guaranteed to do exactly as we claim,
and the purity of ingredients is also vouched for.

FREE TEST Those wishing to try Dr. Cald-
well's Syrup Pepsin before buy-
ing have a free sample bottle sent to their home by
addressing the company. This offer is to prove that the
remedy will do as we claim, and is only open to those
who have never taken it. Send for it if you have any
symptoms of stomach, liver or bowel disease. Send at
once for a free bottle of this wonderful remedy. It is
a guaranteed, permanent home cure. THE

Artificial Teeth That FIT!

The most desirable feature about artificial
teeth to one who wears them is to have them
fit perfectly. Few dentists have sufficient
experience in this branch of dentistry to en-
able them to always mak- tegh which will fit.
Ten years of constant practice are good as-

DEATH RECORD

Ludlum.

Mrs. Laura White Ludlum, formerly of this city, died recently at her home in Chicago, aged 54. The deceased was a daughter of Rev. J. T. White, who will be remembered by older residents as a man of sterling qualities of character. Her final illness was of but a few days' duration and the sudden end came as a great shock to relatives and friends. Mrs. White was a woman who was admired by all who knew her for both the strength and beauty of her character. Three children survive her and they are a credit to the good name which she leaves. The children are: Jay of Lincoln, Neb.; Anna of Pontiac, and William of Chicago.

The funeral was held at Stanford, Ill., and Mrs. White was laid to rest beside her father and mother.

Miley.

Cornelius Miley passed away at the county farm Tuesday afternoon at 3:15 o'clock, aged 77 years. The deceased had been an inmate of the institution for about two years.

Fresh lot of bedding plants can be seen now at Heint's store. They are best and cheapest.

NEW JEWELRY SIGN.

A. M. Halliwell has just received a new sign which he will put up in front of his place of business. It is six feet in diameter and represents a clock dial. The letters are one foot in length and the whole sign is very attractive.

KNIGHTS OF COLUMBUS.

The usual bi-weekly entertainment given by the members of the Knights of Columbus took place Tuesday evening in their hall and was largely attended by the members, including their lady friends.

Entire occupied part of the evening's entertainment and a program of surprises made up the balance of the merriment. The ladies' prize at cribbage was won by Miss Alice McAvoy and the gentlemen's prize by James Coffey; the consolation prize by Robert McBride.

The following was the committee in charge last evening: J. H. McDonnell, William H. Thompson, John Ferry, Patrick Lonergan, James Coffey and Joseph O'Leary.

The following committee was also appointed to look after the extra entertainment, which will be given soon: A. W. Becker, A. Graff, Peter Stoeffel and Peter Leonard.

SOPHOMORE DECLAMATORY CONTEST.

The annual Sophomore declamatory contest of Illinois college will be held this evening, at 8:15 o'clock in Jones memorial building. There will be four contestants on the program, which will be interspersed with musical numbers. A new feature of the contest will be added this year, for besides a first prize, which has always been awarded heretofore, a second prize will also be conferred. Admission will be free and a cordial invitation is extended to the public.

HIGH SCHOOL ALUMNI.

The annual reunion of the Jacksonville High School Alumni association will be held at the high school building Friday evening, May 31. The committees in charge are making preparations for an enjoyable evening and there is reason to believe that the program will be of more than usual interest. Music for the evening will be furnished by the high school orchestra. The business meeting of the Alumni association is to be held Friday afternoon at 3:30 o'clock.

In Society.

Mrs. Charles A. Barnes was hostess at a delightful luncheon given at her West State street home Tuesday noon, which was followed by an afternoon with cards. The guests were invited for 1 o'clock and covers were laid for twelve. The function was in honor of Mrs. Thomas Franklin of Charlotte, N. C., and Mrs. Clifford Anthony of Peoria, who are guests at the Barnes home. The appointments for this afternoon function were very cleverly conceived and the table decorations were representative of a "spring opening." Two large hats, covered with spring flowers, were artistically placed on the table, while spring flowers were laid gracefully here and there. The place cards were unique and were in the nature of a hat stand, upon which hung a miniature hand painted hat to which was attached a tiny price tag, upon which was written the name of the guest. An elegant menu perfectly served completed a luncheon idea that will be remembered for its novelty and artistic arrangement. Following the luncheon cards were enjoyed and the conclusion of the play marked an afternoon of keen social pleasure.

Mr. and Mrs. George Tremblett have issued invitations to the marriage of their daughter Lucile to Mr. Augustus Searlock, the wedding to take place at the home of the bride, 311 North Church street, Saturday afternoon, June 1. The at home cards read, "Jacksonville, after June 25th."

MARKET CONDITIONS

Flour Took a Big Jump in Price Yesterday—Fruit Is Scarce—Prices on Produce.

Unseasonable weather has resulted in somewhat unusual conditions in the produce market and the same cause has had its effect on the general grain market, a condition which is felt locally. For example, flour, which sold a day or two since at \$1.15 per sack, is now quoted at \$1.10, and other grades have been advanced in like manner. These changes are brought about by the sharp advances in the price of wheat, for with that grain around a dollar a bushel, high priced flour may be expected.

So far as vegetables and fruits are concerned, the weather is also showing its effect. While the early vegetables are good they lack the crispness that usually marks them at this season of the year. Strawberries are getting higher instead of lower and to day they will be selling at 20 cents a box, two boxes for 35 cents. As to local produce, fruits and vegetables, we give the prices asked by grocers:

New potatoes, 50c per peck.
Old potatoes, \$1 a bushel.
New cabbage, 5c per pound.
Onions, 7 1/2c per pound.
Eggs, 15c per dozen.
Country butter, 20c pound.
Cooking butter, 15c pound.
Lettuce, 5c per bunch.
Asparagus, 5c per bunch.
Radishes, 5c per bunch.
Onions, 5c per bunch.
Rhubarb, 5c per bunch.
Oranges, 10c 60c per dozen.
Bananas, 20c per dozen.
Lemons, 30c per dozen.

Flour and Feed.
Prices asked by grocers, millers and dealers are:

Pillsbury's flour, (50 pound sack) \$1.55.
Gold Medal, \$1.55.
Kansas patent, \$1.10.
Northern Light, \$1.50.
White Lily, \$1.40.
Herdeley, \$1.40.
Perfection, \$1.35.
Cream, \$1.40.
Corn, per bushel, 60c.
Oats, per bushel, 55c.
Timothy hay, per ton, \$18.
Bran, per cwt., \$1.10.
Ship stuff, per cwt., \$1.20.
Cracked corn, per cwt., \$1.40.
Kaffir corn, per cwt., \$1.25.
Saw, per ton, \$6.00 @ 8.00.
Alfalfa hay, per ton, \$19.

Poultry and Eggs.
Prices quoted are those paid by commission men:

Eggs, 12 1/2c per dozen.
Hens, per pound, 9c.
Cocks, per pound, 4c.
Ducks, per pound, 8c.
Geese, per pound, 4c.
Turkey hens, per pound, 11c.
Turkey toms, per pound, 10c.

REMAINS BROUGHT FROM TEXAS

The remains of Mrs. N. M. Hinchey of Beaumont, Texas, arrived in the city Tuesday, accompanied by A. E. Bruhn, the undertaker of that place. Mrs. Hinchey died two years ago last February and was buried in Texas, but it was deemed best by her relatives to have the remains brought here and interred beside those of her husband, who has been dead three years, at Diamond Grove cemetery. The Hinchey were well known in this city. Luther Hinchey was at one time in the grocery business on South Main street. Mrs. Hinchey was an aunt of E. Watkins, the liveryman on South Main street.
